---

(Chorus)

Calling all Humans  
in this Starlight  
Calling all Humans  
receiving this Sunlight  
Calling all Humans  
on this starry night  
The Earth is still alive!

Mars. Neptune. Venus and Mercury.  
We never went away  
Earth is still here to stay  
Saturn. Jupiter. Uranus. Venus  
and Pluto too...  
They could never make a dent  
We are the 99-percent

(Verse)

Mars. Neptune. Venus and Mercury.  
We are hear  
reaching out to you.  
Saturn. Jupiter. Uranus. Venus  
and Pluto too...  
Drop your fear  
we are reaching out to you.

(March)

It's time. It's time. It's time. It's time. It's time.  
To take back the Human race  
Put the Cabal in their place  
It's time. It's time. It's time. It's time. It's time.  
Time to awake!

(Bridge)

For eons of time  
the Cabal spit out their lies  
They locked up our minds  
and had us hypnotized!  
  
They created a Veil  
took the wind from our sails  
They took the key  
from our... reality.

(Chorus)

Calling all Humans  
in this Starlight  
Calling all Humans  
receiving this Sunlight  
Calling all Humans  
on this starry night  
The Earth is still alive!  
Humanity has survived!

(Verse)

The Earth was not destroyed.  
Take a look through the void.  
Focus on, right through the Veil  
The Earth still lives, we cannot fail.

It's time to rise up and break free.  
It's time to take back Humanity.  
The Cabal tricked us and hypnotized.  
As they wove their web of lies.

We now reach-out across this Space  
As we turn each stone... put the Cabal in their place.  
Here these words, now, my friends.  
This is the beginning. It was never meant to be the end!
